**BOARD OF DIRECTORS CHAIR’S REPORT - Ruth Overton**

Board Chair Overton made the following remarks:

As outgoing Board Chair, I thank the 2011-2013 Board for a very productive two years.
We had to make some very difficult decisions regarding the closing the diploma programs at the School of Horology and an increase in membership dues. These were done with the best interest of the Association in mind. These have resulted in a balanced budget for the year just ending.

At the meeting in Overland Park, KS in June 2011, the newly seated Board put into effect three very important goals for themselves – Development, Education and Membership. After two years of intense study, we are pleased that we are seeing great things in education that has many things being offered that are of interest to more of our members than the diploma programs offered in the School of Horology. And we are going forward with launching our Endowment Fundraising Campaign. We did not do well with membership retention but are pleased to announce that we are looking into a new marketing program which will be of help not only in membership but will have very positive results in all NAWCC promotion.
