EXECUTIVE DIRECTOR’S REPORT

Highlights of FY 2013-14 included the Ward Francillon Time Symposium with almost 300 attendees and increased visibility for NAWCC. Kickoff of fundraising for the All Time Campaign last summer with the Board of Directors and a major grant of $123,000 for new HVAC controls. $600,516 was raised in gifts and pledges. Weekly updates with news and a soft message for planned giving included.

The operating budget had a net income of $47,793 for FY 2013-14 ending March 31, 2014. Membership declined 6.4% to end the year at 15,166. 87.13% of those members renewed their dues. Dues provided 62.9% of the funds needed for operational expense.

63 workshops were offered in Columbia with 201 persons participating in 35 workshops, the net revenue on direct expenses was $44,626.

Chapter 60 donated funds to purchase a new webserver so that our nawcc.org. and other online sites, except the message board, could be on a modern fast server. The message board was provided its own standalone server.

Looking forward to FY 2014-2015. Membership recruitment is the biggest challenge that we must address ASAP. More and more of our education programs are going online. Nine symposium lectures are online. The Batteries, Bands and Bracelets course is ready. An introductory clock course is being edited, software integration is being completed. Workshops are being expanded with new topics being tried and new instructors being recruited. ScholarLab is not up and running as yet. Websites continue to be refined and updated, new calendars have been developed for events, workshops and online programs, a new business directory is being designed.
The 2014 Ward Francillon Time Symposium will be held in Ft. Lauderdale in October, topic to be French Clocks.

The complete Executive Director’s Report will appear in the next available Watch & Clock BULLETIN.

**TREASURER AND FINANCE COMMITTEE REPORT**

Treasurer Lee reported that we continue to generate a positive balance in operations despite declining dues revenues. Our ED and Controller are quite adequately managing our expenses. Our Capital needs continue to far outpace our ability to cover from regular funds and will again require use of undesignated, unrestricted donations, which are currently Board restricted in the Heritage Fund to cover. Steve H has done a marvelous job of getting donations to cover or reduce the cost of many of the major items looming in our near future such as roofs, HVAC, etc.

It is the opinion of the Treasurer that the continued efforts to have a balanced budget have resulted in positive outcomes and must be continued. The costs related to our Endowment Campaign must continue to be managed to not outpace our income from it until the real donations begin to arrive.

**MOTION:** Made by Treasurer Lee, seconded by Director Thornsberry: That Dan Osterud be added to the 2014 National Checking Account.

Two additional bylaw revisions were considered by the committee but not presented to the Board. A discussion of the maintenance of the Motions and Directives Documents was held.
