10.1. Executive Director Humphrey provided an update on the attendance figures and balance sheet for the 2017 National Convention in Arlington, TX. Approximately 8.5% of our membership attended, and the Net Revenue exceeded the budget.

10.2. Motion made by Vice Chair Holloway, seconded by Director Cote. Move that the Board adopt the following resolution:

WHEREAS THE NAWCC, notes that John Acker, 2017 National Convention Chair, host Chapter 124, and the many other Chapters, Individuals and Businesses that made the 2017 National Convention a success and recognizes their contributions and efforts to the benefit of NAWCC.

THEREFORE, BE IT NOW RESOLVED that the Board of Directors of the National Association of Watch and Clock Collectors expresses its sincere appreciation and gratitude to the above noted for their exemplary service to horology and the NAWCC.

11. Discussion: Vice Chair Holloway provided a report on his recent experience at the Pacific Northwest Regional (Portland). The Regional partnered with a local antiques show to have a designated space inside their show. This was the first year of the partnership, and the Mart worked well. However, the Regional did not have a Banquet, Lectures/Educational Programs, Exhibits, or Social Activities. Therefore, opportunities exist to improve the show next year now that experience with this arrangement has taken place. Vice Chair Holloway will continue discussions with the Chapter and advise the Chapter Relations Committee and the Convention Committee on this experience.

12. Chair Newman provided a recap of the communications this year with the Australia NSW Chapter 72. We will continue discussions in the Executive Session later in the meeting.

13. Director Orr provided a presentation on the Membership Committee. The Committee has two main efforts underway. The first is a new membership category for first time members sponsored by a business member. The Committee has been working out the particulars of this membership and the processes to be used to launch this membership. The second effort underway is an evaluation of “public days” and their effectiveness at recruiting new members. The Committee expects to bring two recommendations to the BoD in the near future: 1) recommendations on “public days” developed
in conjunction with the Convention Committee; and 2) recommendations on the process for new members to consent to the member code of ethics.

14. Vice Chair Holloway and Director Lee noted that the Standing Rules rewrite is still in progress, and is turning out to be a larger effort than anticipated. They expect to have significant progress to discuss at the next physical meeting of the BoD.

15. Executive Director Humphrey provided an update on the Intellectual property discussion. Some documents have been gathered and posted for BoD review on the Message Board. Additional documents are still being sought. The BoD discussed the need to quantify any issues surrounding IP, and the possible need for expert legal counsel. This will be discussed with the new incoming Executive Director.

16. Internet value proposition for members area, discussion and possible task force. This item was tabled until the new Executive Director can be present for the discussion.

17. Director Gary led a discussion on the recording of Board meetings. The BoD discussed the benefit to members and the usability, risks, and costs associated with such recordings. Director Gary will seek advice from our Parliamentarian, and will start a discussion for the BoD on the Message Board.

18. Executive Director Humphrey provided an update on the onboarding of new Executive Director Tom Wilcox. Tom attended the BoD meeting and the National Convention in Arlington at the end of June. He has spent seven days in Columbia meeting with some department heads and with Steve. He has one more day at Columbia before he officially begins on August 28, 2017. We are on budget with the expenses associated with the onboarding process.

19. Executive Director Humphrey provided an update on the new website. There are three types of usability testing planned, and the current plan is to complete these by the end of September 2017. BoD members and other members who regularly use the website will be involved in one of these test phases.

20. The agenda item on Traveling Workshop travel expense guidance was no longer needed.
