The following motion was based on the need to stop the current fees being charged to the NAWCC with our current investment advisor as we transition to a lower fee advisor that fits our organizational structure.

**MOTION:** Move that based on the recommendation of the Finance Committee to end our investment advisor relationship with Merrill Lynch. The Finance Committee will select and present to the Board for approval a new advisor and the Finance Committee will facilitate the transition to the advisor in the first quarter of 2016.

History: Our fee structure with ML increases on Feb 15th so would benefit the organization to make a decision prior to that date. Since our last board meeting, the Finance Committee began a focused search for a new institutional advisor, and more specifically, looked at firms who work primarily with non-profits and are more closely aligned with our asset size, performance targets and desire to lower fees. The Committee is pleased to inform the board that we are in the final stages of making a decision.
