1.0 INTRODUCTION

WELCOME:

Members in the National Watch and Clock Association (NAWCC) enjoy many benefits and opportunities. Among the most treasured are the friendships established while networking with other members. Those opportunities and friendships expand through membership in a Chapter. The members and staff of the NAWCC welcome you to the world of Chapters and hope this Handbook will help you and your Chapter.

Chapters are the lifeblood of the NAWCC. Historically, we know that members who belong to Chapters stay with the Association longer than those who do not. This Chapter Handbook is intended to help Chapters thrive, thus benefiting their members and strengthening the NAWCC. Approximately half of our members belong to Chapters, and we hope this information will increase that number.

The Chapter Handbook was created by the Chapter Relations Committee and National staff and approved by the Board of Directors. See the Watch & Clock Bulletin for committee members. Members of this committee are a resource for guidance in Chapter and membership issues. They welcome your comments, suggestions, and questions. Periodically, the committee may contact Chapter officers to gather data (e.g., success stories) to share with other Chapters.

This Handbook is a guide based on the experiences of many successful Chapters. It includes information to define structures, outline responsibilities, and enumerate privileges.

2.0 WHAT IS AN NAWCC CHAPTER?

An NAWCC Chapter is a group of NAWCC members in good standing who choose to join together to pursue their common horological interests under the auspices of the NAWCC. NAWCC Bylaws provide for Chapters, which may be formed on the basis of geographic region, shared interest, or other non-geographic association.

Chapters exist for the same purpose as the NAWCC, but they provide a greater degree of networking, intimacy, volunteerism, and camaraderie than at the national level. The mission of Chapters is to encourage and stimulate interest in the art and science of horology, thereby benefiting Chapter members and the public in the following ways:

- Promote and provide education in the art and science of horology.
- Provide regular meetings or interaction for social and educational exchanges.
- Sponsor regionals, conventions, symposiums, and other events of horological interest on a case-by-case basis.
- Provide horological research opportunities through the collection and presentation of horological material.
- Promote and provide the public display of horological artifacts and offer related education and research.
- Promote and provide opportunities for volunteerism and camaraderie.
- Cooperate with individuals, other Chapters, other institutions, and the public to stimulate genuine interest in the collection, conservation, interpretation, and exhibition of timepieces and other horological items.
- Support the NAWCC.
- Support financially specific NAWCC programs on a case-by-case basis.

Chapters should focus on these purposes and have fun doing so.

2.1 A Geographic Chapter

Geographic Chapters are organized, as the name suggests, within a geographic area that is defined by postal zip codes or other natural or man-made boundaries. Although most geographic Chapters are located in the United States, a subset of the geographic Chapter category is an International Chapter—one
or more located in a country other than the United States. Any NAWCC member may choose to join any geographic Chapter. There is no requirement that a member must live within the geographic boundary.

2.2 A Non-Geographic Chapter (Special Interest Chapter)

Chapters may also be organized around a common interest, such as tower clocks, horological tools, travel, and even years of service with the NAWCC, or it can be of general interest appropriate to the NAWCC’s mission. There are no geographic boundaries for non-geographic Chapters. Any NAWCC member may choose to join any non-geographic Chapter. These Chapters are encouraged to use the Internet and other electronic communications to conduct Chapter business and provide member communications.

3.0 WHAT IS A CHAPTER CHARTER?

3.1 Chapter Charter Structure and Incorporation

A Chapter Charter is a written agreement between NAWCC National and the individual Chapter with horological interests who want to join together to pursue their horological interests under the auspices of the NAWCC. A clearly written Chapter Charter will not only better educate members about the NAWCC’s core purposes but will also provide the Chapter with a basic resource for improved support, assistance, and communication.

All Chapters are considered independent entities, and each Chapter’s structure is determined by each Chapter’s members. A Chapter may be a group of members with no particular legal structure, or a Chapter may incorporate itself. In either case, every Chapter must state that its purpose is to be a not-for-profit organization. Although Chapter incorporation is strongly suggested, it is not required.

Incorporation helps to protect the officers, directors, and members from personal liability should a problem arise that perhaps results in a lawsuit (e.g., an accident resulting in bodily injury or damage to a displayed item during a Chapter meeting). Obviously, it is hoped that such incidents will never occur, but the possibility remains that individuals might be sued under certain circumstances. Without incorporation, every member of the Chapter is individually and severally liable for all financial claims. With incorporation, only the Chapter is liable, to the extent of its assets, if any.

In most cases, the cost to incorporate in most U.S. states can be minimal.

Applying for U.S. 501(c)(3) or 501(c)(7) tax-exempt status incurs additional costs and separate legal steps.

4.0 HOW IS AN NAWCC CHAPTER FORMED?

4.1 U.S.-Based Chapters

Chapters are formed by a group of NAWCC members in good standing who present a petition to the NAWCC Chapter Relations Committee. The committee reviews all the preliminary work to ensure that the paper work is in order, including verification of a minimum of 25 members’ names on the petition. However, under unique conditions the Chapter Relations Committee will consider the formation of a Chapter with less than the standard 25 members based upon the signed petition by the new members and a detailed explanation for the exception. It is recommended that the future president of the new Chapter contact the Chair of the Chapter Relations Committee, prior to any effort on his or her part, to determine the viability of this undertaking. In addition, approval shall be based upon the condition that there are no conflicts with nearby Chapters or Chapters of like interest (e.g., Special Interest and Non-Geographic Chapters). A conflict could occur if the petition is for a geographic area already served by an existing Chapter, or if a request for a Special Interest Chapter duplicates the mission or purpose of another Special Interest Chapter. A petitioning Chapter must present as part of its request: (1) Chapter Constitution, (2) a set of Chapter Bylaws, and (3) if incorporating, a copy of the proposed Articles of Incorporation and any other legal documents. Bylaws and other documents must be consistent with the Constitution, Bylaws, and Standing Rules of the NAWCC. Refer to Appendices B and C for a template for a set of the Chapter Constitution and Bylaws.
The Chapter Relations Committee reviews all requests for a new Chapter and sends a report recommending approval or disapproval to the Board of Directors. The Board makes the final decision on new Chapter formation.

For document samples and further details on Charters and Tax-Exempt status, see Chapter Charter Application Packet. A copy of the Chapter Charter Application Packet can be obtained by contacting the NAWCC at 717-684-8261 or by fax at 717-684-0878 or downloading from www.nawcc.org.

4.2 International-Based Chapters
Chapters are formed by a group of NAWCC members in good standing who present a petition to the NAWCC Chapter Relations Committee. The committee reviews all the preliminary work to ensure that the paper work is in order, including verification of a minimum of 25 members’ names on the petition, and that there are no geographic conflicts with nearby Chapters. However, under unique conditions the Chapter Relations Committee will consider the formation of a Chapter with less than the standard 25 members based upon the signed petition by the new members and a detailed explanation for the exception. It is recommended that the future president of the new Chapter contact the Chair of the Chapter Relations Committee, prior to any effort on their part, to determine the viability of this undertaking. It is up to the future officers to investigate any actions required by the governments of their country.

The Chapter Relations Committee reviews all requests for a new Chapter and sends a report recommending approval or disapproval to the Board of Directors. The Board makes the final decision on new Chapter formation.

4.3 Procedure for a Chapter Name Change
In the event a Chapter needs to change its name due to a location or a change of Interests, the Officers of the Chapter should all agree on the name change. In some cases, they will need to poll the membership for approval. Once everyone has agreed to the change, an Officer of the Chapter should contact the Chapter Relations Committee Chair and request approval. The CRC will discuss the validity of the change and will vote on it. If approved, the Chair will notify the Chapter and will alert the different NAWCC departments to update their files. Some states and cities have different legal requirements and policies. In this case, refer to Section 5.0 for filing, if necessary, to report changes.

4.4 Conflict Resolution
   4.4.1 New Chapters
All conflicts associated with the establishment of a new Chapter shall be brought to the attention of the Chapter Relations Committee (CRC), in writing, identifying all issues applicable to the conflict. The CRC shall provide its decision, in writing, within a reasonable period of time to all the parties. Should any of the parties find that the decision of the CRC is unacceptable, then those parties shall have the right to appeal the decision by filing a Request for Appeal with the CRC with ALL NEW DATA to be considered. If some documents are not available, the CRC could support the organizing Chapter in generation and preparation of the document(s). The CRC shall present its appeal findings and recommendations to the Board of Directors in writing for a final decision. The decision of the Board of Directors shall be final.

   4.4.2 Member Advocate
Should any member, in good standing, feel that there are issue(s) in the operation of their Chapter, such as but not limited to non-members in constant attendance or on the Chapter’s Executive Council, or dissolving of the Chapter, etc. and only after the issue(s) were formally discussed with the Chapter’s officers resulting in unsatisfactory solutions to the member, only then can the member contact the Chapter Relations Committee Member Advocate in writing to seek resolution. The Member Advocate has the obligation to discuss the issue(s) with the Chapter’s officers and the member and recommend a viable solution to the parties and if necessary to the National Board
of Directors (BOD) should the parties fail to reach agreement. The BOD shall be the only body authorized to provide a final solution to the stated issue(s).

4.5 Dissolving an NAWCC Chapter
Upon dissolution of a Chapter, the Chapter’s assets must be transferred to a qualified not-for-profit entity. The transfer of Chapter assets shall be accomplished in accordance with the will of the members of the dissolving Chapter. Typically, this has been the NAWCC, but any museum, library, other not-for-profit organization, another non-profit Chapter, or as may otherwise be required by local laws and regulations. Request to relinquish a charter should be directed to the Chapter Relations Committee and if possible include a resolution approved by the remaining board members and/or officers. For specific details associated with this subject refer to Appendix F, Procedure No. P0001. The Chapter Relations Committee will then forward the request for Chapter dissolution to the Board of Directors for final approval and Charter recall.

5.0 SETTING UP LEGAL & FINANCIAL STRUCTURE FOR A CHAPTER

5.1 The Difference between “Non-Profit” and “Tax-Exempt”
Non-profit status is a state or provincial law concept. Non-profit status may make an organization eligible for certain benefits, such as sales, property, and income tax exemptions. Although most U.S. federal tax-exempt organizations are non-profit organizations, organizing as a non-profit organization at the state level does not automatically grant the organization exemption from federal income tax. To qualify as exempt from U.S. federal income taxes, an organization must meet requirements set forth in the Internal Revenue Code.

5.2 Tax-Exempt 501(c)(3) or 501(c)(7) Status (U.S. Chapters Only)
Beginning in 2008, all tax-exempt organizations are required to comply with United States Internal Revenue Service filing regulations. Each organization also may have to file for a Determination at some point. Because of the complexity of this new requirement, it is beyond the scope of this document. For additional details or information on group exemption contact the NAWCC Executive Director at 717-684-8261.

Note that the NAWCC and its Chapters are autonomous—The status of one organization does not affect the other.

5.3 Registering for Tax-Exempt Status (International Chapters Only)
International Chapters should contact their respective authorities to determine the legality and process for obtaining a tax-exempt status, registration of the Chapter name, incorporation, etc.

5.4 Obtaining a Federal Tax Number (EIN)
(An EIN pertains to U.S. Chapters only. International Chapters should follow requirements of the country in which they are located.) An EIN (Employer Identification Number) is a permanent number that can be used immediately for most business needs, including opening a bank account; applying for business licenses; and filing a tax return. However, no matter how you apply (phone, fax, mail, or online), it will take up to two weeks before your EIN becomes part of the IRS’s permanent records. You must wait until this occurs before you can file an electronic return, make an electronic payment, or pass an IRS Taxpayer Identification Number matching program.
The EIN application can be completed online or by using Form SS-4 (Application for Employer Identification Number).

Important: If you receive an EIN using the online EIN Assistant, do not complete a Form SS-4 for
the same organization. Complete Form SS-4 only if you decide to mail or fax an application for an EIN.

If you have questions about obtaining an EIN number for your Chapter, this link can provide additional information:

ONLINE: http://www.irs.gov/Businesses/Small-Businesses-&-Self-Employed/Apply-for-an-Employer-Identification-Number-(EIN)-Online

Use the following link to check whether you also need a state number or charter:

5.5 Opening a Bank Account
5.5.1 U.S. Chapters

In selecting a bank, consider those that offer non-profit-friendly assistance and helpful policies or tools such as free checking and low or no monthly charges. Institutions that have a location(s) convenient for the treasurer will obviously save time. Inform the bank that you wish to open a checking account for a non-profit organization. The bank will provide you with forms to be signed by the Chapter officers.

In advance, apply for a Federal Tax Number (Employer Identification Number [EIN]) for tax-reporting purposes. You will need the Chapter EIN to complete the W9 form for the bank. See “Obtaining a Federal Tax Number (EIN),” above.

It is recommended that the account be set up to require two authorized signatures from among those authorized to sign (president and treasurer are most common) the checks.

5.5.2 International Chapters

When opening a bank account, all International Chapters shall comply with the laws, rules, and regulations as set forth by their local and national governments.

It is recommended that the account be set up to require two authorized signatures from among those authorized to sign (president and treasurer are most common) the checks.

5.6 Collecting and Paying Sales and Federal Tax

Members are, and always have been, responsible for collecting and paying state and local sales tax on sales and purchases of horological goods at Chapter marts and auctions. Some states have not enforced this at Chapter meetings and Regional events, because either those states are unaware that the events are occurring or the event’s size makes the effort unfeasible. In any case, it is important to understand that members are obligated to pay state and local sales tax; neither the Chapter nor the NAWCC will support efforts to avoid paying such taxes. In addition, federal taxes may be due on profits from sales at Chapter and Regional marts, especially if the seller owns a business. Membership in the NAWCC and its Chapters does not remove any personal tax liability. It is suggested that each Chapter contact a local professional advisor for guidance in this area.

6.0 CHAPTER OFFICERS AND BOARD OF DIRECTORS

It is recommended that each Chapter have four officers: a president or chair, a vice president or vice chair, a secretary, and a treasurer; however, the offices of treasurer and secretary may be combined under one officer. Other officer positions may be created by the Chapter. A Board of Directors is recommended but should be consistent with the Chapter Bylaws as to the number and makeup. Every Chapter is required to have a set of Bylaws that detail its organizational structure. Their election or appointment, duties, and authority should be clearly defined in the Bylaws. (Refer to the Sample Chapter Bylaws in Appendix C.) The names and addresses of Chapter officers shall be provided to National as soon as possible after all elections or appointments or any other change of officers.
Chapter officers should encourage members to serve on Chapter committees to gain experience with Chapter activities and prepare to serve as future officers.

6.1 Officers’ Duties and Responsibilities
The duties and responsibilities of the officers shall be detailed in the Chapter’s Bylaws and usually are the following:

<table>
<thead>
<tr>
<th>Officer</th>
<th>Responsibilities</th>
</tr>
</thead>
<tbody>
<tr>
<td>President (or Chair)</td>
<td>Presides over meetings, facilitates important decision making, and appoints committee chairs; when new presidents take office, they need to compare actual practices for compliance with the NAWCC and the Chapter’s Bylaws.</td>
</tr>
<tr>
<td>Vice President (or Vice Chair)</td>
<td>Supports the President in specific activities/tasks so as to enable the President to concentrate upon the operation of the Chapter. In the absence of the President, presides over meetings, facilitates important decision making, and appoints committee chairs; when new presidents take office, they need to compare actual practices for compliance with the NAWCC and the Chapter’s Bylaws.</td>
</tr>
<tr>
<td>Secretary or other Officer</td>
<td>Records and reports the minutes of all meetings and maintains the Chapter Roster unless a separate Membership Secretary is appointed.</td>
</tr>
<tr>
<td>Treasurer</td>
<td>Maintains and reports the Chapter’s financial records.</td>
</tr>
</tbody>
</table>

It is to be noted that the offices of Secretary and Treasurer may be held by the same individual.

Chapter officers should inform members about upcoming elections of National Directors, communicate candidate information, and emphasize the importance of voting in each election.

6.2 Compensation Policy
To avoid possible conflict of interest and to comply with generally accepted non-profit fiduciary requirements, no Chapter may compensate its members or their family members for services normally associated with running a Chapter. For example, members may NOT be paid a salary or other form of compensation for publishing a newsletter, keeping the books, working on a Regional, etc. However, members and family members are entitled to be reimbursed for out-of-pocket expenses.

6.3 Succession Planning
Succession planning is not only necessary and essential but it is a critical requirement for all Chapter Officers. Successful succession planning provides the continuity for easy transition of the Chapter Officer’s duties and functions to the designated successor. Failure to initiate succession planning early in the Chapter President's term can and does result in Chapters having difficulty in finding leaders and thus begin to become inactive. Succession planning will not occur unless each Chapter Officer understands the need and takes the steps to ensure qualified persons are not only identified but that they are willing to assume responsibility when necessary.

The most logical, common, and reliable way for Chapters is to include the successor in the line of authority. Thus, each officer of a Chapter looks to the position below and works with this individual to assume his duties as he moves up in office. For example, the Chapter President works with the Chapter Vice President to see that he is trained and willing to become Chapter President. This same plan is then used for the Secretary to become Vice President, the Treasurer to become Secretary, and an Assistant Treasurer to become Treasurer. If each Officer is aware and willing at the time of his election, the process can continue on a smooth, formal, and consistent basis. However, if any individual cannot assume the next position due to special circumstances, it becomes his responsibility to inform other
Chapter Officers so they can make the necessary arrangements to insert another member to complete the term and to be part of the succession activity.

It is helpful if each officer creates a written list of the various duties that they perform, particularly those that are requested infrequently such as filing papers with the State and Federal governments to maintain incorporation. This should be reviewed and updated periodically. This along with mentoring will make for a smoother transition.

6.4 Chapter and/or Chapter Officer Support Services
The Chapter Relations Committee (CRC) believes that there are Chapter Officers who may require help with specific issues. Therefore, the CRC will attempt to aid the Chapter Officers with its issues by the possible support of a volunteer.

To make use of this service, a Chapter Officer is requested to contact the Chair of the NAWCC Chapter Relations Committee by email or US mail and identify the need for which a volunteer is requested. The Chair of the Chapter Relations Committee in consultation with other Committee members and the volunteer will identify the best fit for the need requested. The CRC will on a periodic basis monitor the support provided. Upon completion of the service a summary of the results of each experience will be written and kept as a permanent part of the Chapter Relations Committee permanent files.

7.0 CHAPTER COMMITTEES
The following are potential committees for a Chapter. (Note that some committees may consist of one person, whereas others may require many people.)

<tr>

</tr>
</tbody>
</table>
Chapter officers and/or Chapter committees should meet at regular intervals—before or after regularly scheduled Chapter meetings or at separate meetings—to plan and organize Chapter activities to effectively manage the Chapter. Formal committees are not necessary as long as the necessary function/purpose is accomplished. The Chapter President may call on fellow officers to serve a necessary function should a volunteer fail to be available.

8.0 CHAPTER MEMBERSHIP

8.1 NAWCC National Membership Requirements
A potential Chapter member may be admitted to membership of the Chapter if he or she is: (1) a member in good standing of the NAWCC and (2) has paid current dues as specified by the Chapter. Membership shall be denied or revoked as defined in the Bylaws of the Chapter. All revoked memberships should be reported to National.

8.2 Recruiting and Mentoring New Members
Recruiting and retaining new members are essential to the NAWCC and its Chapters. Chapters should encourage members to bring friends and family as guests to Chapter meetings to interest them in becoming members. Every two (2) months, National sends each geographic Chapter a list of new members in their area (as has been defined by the zip code). A Chapter officer or designated member(s) should contact the new members in their area, tell them about Chapter activities, and invite them to upcoming Chapter meetings. Many new members have email addresses, and adding their name to the Chapter’s meeting email reminder notice improves the likelihood they will attend Chapter meetings. Chapters should identify several members who would volunteer to mentor new members.

Surveys have shown that new members have a lower dropout rate if they are involved in Chapter activities and are learning about their new horological hobby. Mentoring—assigning an experienced member to contact a new member and extend a friendly hand, provide information, etc.—is a great way to “grow” enthusiasm and membership satisfaction as the new member becomes familiar with the Chapter and its activities. Continued contacts and follow-up by the mentor should take place for six months to a year. This is an important step to improve membership retention and to keep a Chapter thriving.

One tool that may be helpful to increase Chapter membership is to contact all NAWCC members within a specific radius of a given Chapter’s meeting location. This can be accomplished through the use of a program entitled “Searchbug.com.” The details are provided in Appendix H hereto.

8.3 Annual Chapter Awards
Chapters should annually review and identify Chapter members who have contributed to various Chapter activities and recognize these contributions through awards. Annually, the NAWCC Awards Committee accepts from each Chapter nominations for individuals whom the Chapter recommends for awards. These awards have many levels: National Certificate of Appreciation, Gold Certificate, Fellow Award, etc. Presenting these awards publicly at a picnic, banquet, or holiday gathering acknowledges a member’s contributions and helps foster other members’ participation.

9.0 CHAPTER MEETINGS

9.1 Meetings and Meeting Notification
Geographic Chapters should meet regularly at a place easily accessible to its members. Chapters usually meet monthly, every two months, quarterly, or another agreed upon schedule. Special Interest and Non-Geographic Chapters usually meet at Regionals and at the NAWCC National Convention or through their Website Message Boards or other Internet venues.
The Geographic Chapter meeting location should be chosen on the basis of the expected attendance; desired meeting time; and the cost and extent of facilities needed, such as tables, kitchen, etc. The ability to carry clocks and boxes into the meeting room also is important; first-floor rooms without steps are preferable. Small Chapters often meet in members’ homes, churches, or restaurants. Larger Chapters meet in hotel or convention facilities, VFW halls, municipal recreation centers, etc. Chapter officers need to examine what is available and determine what fits the Chapter’s needs and finances. Investigating potential meeting locations should be an ongoing effort as conditions change (e.g., the economy, Chapter size, and the suitability of the current meeting facility). Senior citizen, community, fraternal, or religious organizations often provide rental rooms for minimal fees, especially if a member belongs to the organization.

Occasional multi-Chapter meetings are encouraged to promote interaction and cooperation between Chapters, share horological interests, and enhance fellowship.

Members should be informed about Chapter meetings and activities (place, time, date, and driving instructions) with sufficient lead time to promote good membership attendance and participation. Meeting notices can take various formats: postcard, newsletter, or email.

9.2 Name Badges
Members are encouraged to bring guests to Chapter meetings. For that reason, members should be issued badges or name tags at each meeting, and guests should receive special name tags denoting non-member status.

9.3 Guests
Guests (non-members), including Friends and Family of Members as well as members of the general public, may be present at any NAWCC activity subject to the conditions stated in Appendix A.

9.4 Suggestions for Chapter Meeting Programs
A typical Chapter meeting should include the following activities:

- A formal meeting to discuss the Chapter’s business, including finances, activity planning, etc.
- One or more educational programs, including workshops, lectures, and other presentations.

A recent survey showed that members were most interested in repair and restoration, so workshops on those topics (especially the type that includes some hands-on activities) work well. For meetings when no live program is presented, various media presentations may be borrowed from the NAWCC Lending Library.

Chapter meetings also may include the following activities:

- A Mart where members may buy and sell; items for purchase or sale must be “horologically related” (e.g., barometers, music boxes, or items with clockwork mechanisms such as roasting jacks, clockwork toys, or dolls) in addition to traditional clocks, pocket watches, wristwatches, sundials, etc.
- Live and/or silent auctions.
- A meal and/or refreshments.
- A lending library where members may borrow books, videotapes, DVDs, etc.
- An exhibit or “Show and Tell” of members’ horological treasures.
- An annual picnic, banquet, or holiday gathering, which promotes fellowship among Chapter members and their families.

9.5 Educational Programs
Chapters should provide a wide variety of educational programs to its members. The following are program suggestions:

- Have a guest speaker or a Chapter member, another NAWCC member (use the NAWCC’s Speakers Bureau for a list of speakers throughout the country and their topics), or someone who works in the watch or clock industry.
• Borrow a slide/tape program, a video, or a DVD program from the NAWCC Lending Library (see website for up-to-date list of available programs).

• Hold a Field Suitcase Workshop or have a Chapter member teach a workshop on a topic that interests your members.

• Have a Chapter member demonstrate how to repair common watch or clock problems.

• Hold a youth event to encourage interest in horology among students (e.g., a Grandparents Day memory clock for kids and grandparents to work together to make a simple clock). Contact the NAWCC Education Department for further information. Host an “antiques road show” event for community members to learn more about their timepieces and the Chapter and the NAWCC.

9.6 Exhibits and Displays
Exhibits of clocks, watches, tools, and other horological items are an important part of each Chapter meeting. Members should be encouraged to display items from their collections.

9.7 Conducting a Mart during a Chapter Meeting
The opening of the Mart at any Chapter meeting is governed by one of two systems:

1. A time prior to the opening of the Mart to membership is set aside for unloading and setting up Mart tables.

2. No setup time is allowed and the Mart is opened, at the previously announced time, to all members.

Items of a non-horological nature should not be displayed or offered for sale or trade in a Mart room. It is the responsibility of Chapter officers and all NAWCC members to adhere to this rule.

The Mart should be closed for the business meeting and programs. However, the decision about the Mart remaining open or closed during minor talks, workshop demonstrations, or similar activities will remain with the Chapter.

Any person who enters a Mart room shall be governed by this rule of Mart conduct: Mart participants, on both sides of the table, are expected to conduct themselves in an ethical and responsible manner at all times. Boorish, vulgar, racial, and offensive conduct or language shall not be condoned at any time.

NAWCC shall maintain the position that participation in a Mart is entirely voluntary, and neither NAWCC, Chapters, nor Officers and Members thereof assume any responsibility for damages, losses, or misunderstandings arising from the operation of a Mart.

9.8 Satellite Meetings
From time to time your Chapter may choose to hold a special Satellite meeting at a different time and place to stimulate new member interest. Many Chapters hold weekend meetings in a major city near the center of the Chapter’s area. Having a Satellite meeting on a weekday evening at another location may encourage new members to participate. Once these new members discover how enjoyable a Chapter meeting is, they may attend regular Chapter meetings.

10.0 COMMUNICATING VIA NEWSLETTER, EMAIL, AND WEBSITE
Chapters are encouraged to publish a Newsletter, in printed or electronic format, to provide detailed information to members about Chapter activities and other horological news. For Special Interest Chapters this may be the primary means of communication, and articles about common interests are encouraged. In all types of Chapters this communication will promote an informed membership and greater member interest and involvement.

Chapters should routinely contact all NAWCC members within their geographic areas regarding Chapter activities. A geographic member list is available from National.
A Chapter website is an inexpensive route to provide members with an updated schedule of Chapter activities as well as a means of online communications and information exchange via a message board. Email lists are also available from National for regular communications. Chapter websites will be linked to www.nawcc.org on the Chapter Info pages, making it easier for potential new members to locate Chapters. Websites may also be hosted on the NAWCC’s servers.

11.0 SPECIAL CHAPTER PROJECTS

Special programs or projects promote member involvement and public awareness of the NAWCC and the local Chapter. Providing interesting activities and educational opportunities is one of the most important things a Chapter does. The following are some examples:

- Restore a public clock.
- Display horological items at a local library or historical society.
- Hold a horological lecture at another organization’s meeting.
- Advertise and offer a public watch or clock exhibit, which may include but is not limited to demonstrations, repairs, and estimated values; “Horological Antiques Road Show” is the name used by some Chapters.
- Set up a display and distribute information at local antiques shows or historical group meetings.
- Sponsor multi-Chapter Regional Meetings with mart, exhibit, workshops or seminars, or separate horological seminar with multiple workshops or presentations.
- Sponsor a regularly scheduled educational or repair class outside of Chapter meetings.
- Arrange a Field Suitcase Workshop course through National; Field Suitcase Workshop courses are a tremendous recruiting tool for new members.
- Plan a Chapter road trip to a related museum, exhibit, etc.

11.1 Junior Horologists

The National Watch and Clock Museum developed a Junior Horologist Club for children aged 7-15. The Club’s purpose is to excite children about the field of horology. Members in the Club receive quarterly newsletters with timekeeping activities to try and information about how different timepieces work, an official Junior Horologist T-shirt, membership card, and the opportunity to visit over 250 science centers for free through the ASTC program. Junior Horologists live throughout the country and are encouraged to contact local NAWCC Chapters for information about Chapter activities and educational opportunities.

Chapters may host their own Junior Horologist Club for youth in their area to promote the NAWCC’s mission of education and to encourage future NAWCC members. Contact the NAWCC Education Department for more information.

12.0 OTHER RESOURCES

12.1 Field Suitcase Workshops

The Field Suitcase Workshop (FSW) program was developed by the NAWCC ad hoc Education Committee and approved by the Board:

- To provide technical repair and restoration training to those collectors who do not have access to workshops in Columbia, PA.
- To encourage members’ efforts to maintain and upgrade their collection by offering technical repair and restoration training at an affordable cost and within a reasonable distance from their homes.

The FSW program currently offers clock repair, lathe, and pocket watch courses. Local Chapters generally organize Field Suitcase Workshop classes (usually 4 days). The local coordinator enrolls
the students, collects the tuition, locates an appropriate classroom, pays the classroom rental, and schedules the class with the Field Suitcase Workshop Administrator. The Administrator confirms the date and assigns an instructor. The instructor travels to the class site and conducts the course. The Chapter or coordinator is responsible for providing free or low-cost classrooms. The NAWCC Education Committee uses revenue from the courses to purchase tools and supplies, to pay the instructors’ travel expenses, and to train and certify instructors. There are a limited number of scholarships available for this program. Contact the Education Committee for scholarship information.

12.2 Exhibit Support Materials
Whether hosting an exhibit at a local Chapter meeting, Regional, or area museum/library, the National Watch and Clock Museum has available interpretive display panels from several past special exhibits to enhance your exhibit. Topics will be added as exhibits are created; a sampling of current exhibit subjects follows:

- Parts of a Tallcase Clock
- American Watchmaking
- Pillar & Scroll Clocks
- Anniversary or 400-Day Clocks
- Clocks of Delaware

These panels were made in-house and by outside vendors and are in excellent, ready-to-exhibit condition. The panels include history of the manufacture of the related timepieces, timepiece identification, and many other subjects.

12.2.1 Availability and Cost: A complete list of all exhibit topics and accompanying panels can be obtained by contacting the NAWCC Education Department. There is no charge to borrow exhibit panels, but the Chapter will be billed for the shipping costs.

12.3 Time Travel Trunk Programs
The Time Travel Trunk Program enables your Chapter to bring to your local area some of the resources that the National Watch and Clock Museum offers to schools and educational groups in South Central Pennsylvania. Each trunk focuses on a different theme of timekeeping and is intended for use with groups of children from preschool to middle school. Each trunk includes user guidelines, theme-related activities and lessons, props, artifacts, and other related materials. Visit the NAWCC website www.nawcc.org to discover the current trunks available.

12.3.1 Availability and Cost: Time Travel Trunks can be checked out for two weeks at a time, with reservations needed at least one week in advance. Trunks can either be picked up at the Museum during regular hours or shipped to your local Chapter. (Your Chapter will be billed for the shipping charges.)

13.0 CHAPTER LIBRARY
A Chapter may have a library where books and periodicals may be read or checked out. Such an effort requires a librarian and strict control to prevent losses. A Chapter library is a great place for members to donate copies of horological magazines.

14.0 CHAPTER PUBLICITY & RELATIONSHIPS WITH NEWS MEDIA
An important function of publicity is to inform your members and others of your Chapter’s activities. Three ways to do this are through Chapter newsletters, photo albums, and the “Chapter Highlights” section of the Mart & Highlights. Procedures for submitting Chapter Highlights are in guidelines available on our website. The success of these three methods is enhanced by quality photographs. Chapter newsletters may be separate or combined with meeting notification. Whichever method(s) the Chapter uses, it is important to let members know about
NAWCC activities and how much fun they can be, which will attract new members.

Representatives of the press, radio, TV, etc. should be encouraged to visit exhibits, workshops, lectures, and events with proper security arrangements. Special programs or projects provide an opportunity to publicize the Chapter and the NAWCC. Local Cable TV Public Access Programs give individuals or groups visibility. Feature stories on members and their collections are popular. National can assist Chapters with guidelines and sample news releases.

15.0 REGIONAL MEETINGS

Participation in any Mart and/or Auction activity occurring at Regional and National Conventions shall be governed by the following: Members, and/or immediate Family members, shall be permitted to be present at such activities on payment of appropriate fees, if any, established by each Convention.

15.1 Guests, Visitors, and General Public

Guests (non-members), including Friends and Family of Members as well as members of the general public, may be present at any NAWCC activity subject to the conditions stated in Appendix A.

15.2 Host Chapter Regional Reports

If a Chapter is the primary host for a Regional, a report shall be submitted to the Convention Committee, as required in the Convention Handbook. The details associated with this report are provided in the Convention Handbook.

16.0 CHAPTER RESPONSIBILITIES RELATED TO NAWCC NATIONAL

16.1 Creating and Filing Governing Documents

Each Chapter should have sufficient governing documents that give procedures to ensure smooth operation, to select officers, and to set up its financial procedures. Typically, these documents include Bylaws and Articles of Incorporation, and/or Constitution, and other similar documents.

Chapter Bylaws can be as simple or complex as the Chapter chooses; however, Chapter Bylaws and regulations may not be in conflict with the Articles of Incorporation, Bylaws, and Standing Rules of the NAWCC. If a Chapter’s Bylaws are silent on a subject or open to interpretation, NAWCC’s Bylaws will govern.

From time to time Chapter documents should be reviewed and updated as needed. All revisions to Chapter-governing documents need to be submitted to National for review and placement in the Chapter file.

Chapters should designate a member to attend the annual business meeting and Chapter representative meeting when one or more of their members plan to attend the National Convention.

16.2 Maintaining Membership and Membership Roster/Database

All NAWCC Lifetime, Regular, Business, and Associate members are eligible for Chapter membership. Chapter members may attend Chapter activities, become officers, or accept appointments in the Chapter.

An individual NAWCC member may belong to more than one Chapter. Members, guests, and family members must abide by the Constitution, Bylaws, and Standing Rules of the NAWCC and the Bylaws of the Chapter.

Maintenance of a Membership Roster is vital so that the Chapter has this information to send membership renewal reminders and other notifications as appropriate. In addition, knowing how many of our members belong to Chapters allows National to plan programs for members who are not Chapter members.

The Chapter Roster can be created and easily maintained on the completely secure and confidential NAWCC database. When both Chapter officers and National know who the Chapter members are, National staff can help find new members and provide information to all
members in your area. It will also enable National staff to notify a Chapter if a Chapter member has not renewed NAWCC membership.

Every two months, all Chapters, with the exception of Special Interest Chapters will be notified by National staff through a Membership Activity Report of members who have ceased membership in the NAWCC and, thus, the local Chapter. This report also provides changes to addresses and other contact data.

By March 31 each year, a Chapter Roster should be reviewed, corrected, and submitted to National. The Chapter Roster should include NAWCC membership numbers and officer or committee positions held for all current members.

16.3 Managing Chapter Assets
Some Chapters have few assets and need only simple controls to manage them. A regularly updated inventory list and a statement of where Chapter assets are located, including financial assets and who is authorized to manage the assets, are needed.

Other Chapters have considerable property and equipment that require more extensive oversight by Chapter officers and members.

Protection of copyrights and intellectual property does not apply to every Chapter, but it will apply to those who have published original educational material or who manage extensive material on the Internet. For assistance, contact National.

16.4 Handling Chapter Finances and Dues
Chapter meetings will naturally incur expenses (e.g., rental of room and/or tables; food; and purchase of equipment, supplies, and speaker), and the Chapter needs to determine how to finance those operations. Typically, Chapter activities are funded through one or more of the following methods:

1. Members are charged an annual Chapter membership fee.
2. Members and guests are charged a nominal entrance (registration) fee and mart table(s) fee (if offered).
3. The Chapter co-hosts a Regional event or other event and uses the surplus to finance operations throughout the year.

Chapters will also incur ongoing operating expenses (office supplies, postage, telephone expenses, newsletter publication, website fees, etc.). These expenses need to be factored in when preparing an annual budget and establishing Chapter meeting or membership fees.

Usually, there is an initial adjustment period for the Chapter to find the right rates to charge for fees, based on attendance revenues and Chapter expenses.

Chapters will keep a written record of their ongoing operating expenses and income. Simple computer programs to maintain these records and prepare reports are available, although a simple ledger will be sufficient.

The Chapter Treasurer will prepare and publish an annual financial report, which shall be available to the Chapter members, upon request. This report is necessary and should be reviewed with the Chapter officers prior to release. A short presentation at a Chapter meeting and a simple report on Chapter financial status in the newsletter are helpful. A review of the Treasurer’s report by a Chapter officer or a designated alternate shall be conducted prior to the release of the report and whenever a treasurer change occurs. A copy of the annual financial report should also be submitted to National for the Chapter file as part of the Chapter survey. A typical financial report should include both a Balance Sheet (statement of assets and liabilities) and an Income Statement, or a Combined Operating Statement only. The specific form or forms to use can be determined by the Chapter consistent with the nature of its activities. A brief narrative may also be appropriate to highlight significant happenings and appropriate information. Refer to Appendix D for sample operating, balance, and income statements.
If a Chapter’s Charter is recalled based upon direction by the NAWCC and/or the Chapter is dissolved, all remaining funds and assets must be transferred to the NAWCC or a similar not-for-profit organization as defined in Article 4.4 above. No individual member is at any time entitled to funds or assets of a Chapter except for the reimbursement of legitimate expenses.

16.5 Annual Report/Chapter Survey
Anually, each Chapter President and Secretary will receive from National staff an “Annual Chapter Report/Chapter Survey” to learn of the Chapter successes, concerns, problems, and creative ideas for programs and events. It is necessary to provide the requested information for the most recent fiscal year and return it to the NAWCC Chapter Relations Committee by date specified. A current Chapter Membership Roster is to be included with the survey. Survey findings will be provided to all Chapters to strengthen the Chapter network and promote stronger Chapters. It is important that all Chapters comply with this procedure to ensure resolution of issues and promote the growth of the overall organization. Appendix D provides sample templates that can be used to provide financial information.

16.6 Reporting to Government Entities
Chapters are required to complete any reports, registrations, or forms that may be required by their respective national, state or province, or local governments.

17.0 CHAPTER PRIVILEGES
17.1 Use of NAWCC Name, Acronym, and Logo
The NAWCC Name, Acronym, and Logo are owned and trademarked by the National Association of Watch and Clock Collectors, consistent with applicable U.S. laws and regulations, and may only be used by the Chapter, with limited license, in the furtherance of the NAWCC’s objectives and goals. Copies of all usage shall be provided to National for information purposes. Chapters may create and use their specific logo without any NAWCC restriction/approval.

17.2 Use of Membership Information
The NAWCC and the Chapter shall be joint owners of the list of names, mailing addresses, email addresses, and phone numbers of individuals who are members of both the NAWCC and a Chapter. Neither the Chapter nor the NAWCC will use membership information for personal solicitation or provide membership information to any third party to solicit, license, offer, or advertise the products or services to NAWCC members. A Chapter has the right to use this list of NAWCC Chapter member names and addresses only for the internal purposes of the Chapter, which does not include providing membership information to any third party to solicit, license, offer, or advertise the products or services to NAWCC members. The NAWCC is the exclusive owner of the names, mailing addresses, email addresses, and telephone numbers of members who do not belong to a Chapter.

18.0 SERVICES FROM NAWCC NATIONAL
One of the primary functions of National is to assist the Chapters in carrying out their mission. National not only provides lists of members in a given geographic area and other information about the formation of a new Chapter but also stands ready, once the Chapter is chartered, to assist the new Chapter in maintaining and increasing its membership. The following list of services is current as of publication, but changes may occur in available services and fees charged.

18.1 Insurance
The NAWCC annually negotiates a group policy that is available to individual Chapters at the group rate. In most cases this reduces the cost of insurance to the Chapter. Contact the Controller at National for further information. Insurance is not required, but it does provide additional protection to Chapter officers and members.
18.2 Services Available at No Charge

1. Providing, to a designated Chapter officer, bimonthly computer printouts (Membership Activity Report) of names and mailing addresses of new members and members who have moved into the Chapter’s area; members dropped from membership due to death, nonpayment of dues, and moving to or from the Chapter’s area.

3. Providing, through the National staff, publications, electronic newsletters, and website as a forum for sharing ideas with other Chapters, the NAWCC Standing Committee Chair, and NAWCC National.

4. Providing, during scheduled working hours, assistance from National staff by telephone. The number is 717-684-8261.

5. Publications Department: the publication of current Chapter Highlights, as received, in every issue of the Mart and Highlights publication. Guidelines and fill-in report forms that can be emailed are available upon request. Email: chap@nawcc.org or call 717-684-8261 ext. 207.

6. Publications Department: a current list of Chapter officers (presidents and secretaries) in the May, July, and November Watch & Clock Bulletins. NAWCC Chapter Events are listed, as received, at no cost in every issue of the Mart & Highlights under NAWCC Chapter Events.

18.3 Services Provided for a Nominal Fee

1. Providing, at cost, mailing labels and email list for Chapters to distribute their newsletters and/or meeting notices. Such labels and list can be based on the Chapter’s input or contain all NAWCC members in the Chapter’s geographic area (by zip code or by counties).

2. Publication and distribution of online Chapter eNewsletters.

3. Publication, printing, and mailing of hard copy newsletters to accepted distribution lists.

4. Printing and mailing of Chapter letters and notices to accepted distribution lists.

5. Providing, at return cost only, audiovisual programs for Chapter use.

A nominal fee is defined as the approximate cost to produce and supply the service. National tries to keep fees as reasonable as possible but needs to cover the supplies, labor, and other direct costs for services that are provided upon request.

18.4 Chapter Support

During the course of operation Chapters may run into difficulty in the operation, administration, and even the viability of continuing operation. The CRC is charged with the responsibility to help these Chapters regain their strength through any combination of the following:

18.4.1 Assistance Chapter Hotline

In the interest of aiding Chapters with their unique issues, it is suggested that the Chapter officer contact the current Chapter Relations Committee Chair who will work with the Chapter officer in the solution of the defined issues at no cost to the Chapter. The aid provided can be in the form of but not limited to: telephonic assistance, emails, visits, and workshop data packages.

18.4.2 Telephonic Assistance

The designated CRC representative will work with the Chapter representative in an attempt to revitalize the Chapter by the possible introduction of new ideas, which will increase the interest in the Chapter, possible relocation of meetings, participation in local fairs, and/or events, which are open to the public.
18.4.3 Workshop Data and Presentation Material

The NAWCC makes available to each Chapter numerous workshops and presentations, which can be used to enhance meeting participation. This feature can be utilized from the NAWCC website (www.nawcc.org) and opening the corresponding tabs entitled Library, Lending Library, and Education, Field Suitcase Workshops.

18.4.4 Aid from Local Organizations

The NAWCC is a recognized 501(c)(3) organization and as such local civic organizations can be encouraged to help support the existence of the local Chapter through possible grants, participation in fairs and craft shows, workshops, and lectures. If necessary and upon request, the CRC will make available the documentation necessary to support the Chapter in the participation in these functions.

19.0 NAWCC NATIONAL STAFF, BOARD, AND COMMITTEE CONTACTS

Up-to-date contact information for the NAWCC Board of Directors, Committees, and staff is available on the www.nawcc.org website and the Watch & Clock Bulletin. National office’s main phone number is 717-684-8261 and the fax number is 717-684-0878.

APPENDIX C

CHAPTER BYLAWS TEMPLATE

Article 1: Officers, Directors, and Chairs

Section 1: Officers
The duties of the officers shall be the usual duties pertaining to these offices. APPENDIX D

FINANCIAL STATEMENT TEMPLATES

To meet the requirements of the Chapter Survey and Member Reporting as outlined in Section 16.4, a simple set of Financial Templates are provided for consideration and use. Chapters are free to modify these templates or use a different set to suit their own conditions.

Operating Statement (Attachment A):
The example below of an Operating Statement is provided for Chapters that have only one asset, which consists of only cash, and does not have to file a tax return, a very simple one-statement approach, referred to as an Operating Statement might be used. It is estimated that the majority of the Chapters will utilize this Operating Statement.

Balance Sheet and Income Statement (Attachment B):
The Balance Sheet is of course a statement of financial condition as of any given date or simply a statement of assets and liabilities. The Income Statement is a statement of financial results of operations for any given period. They can be prepared from whatever set of “books” that are used to do the Chapter accounting, such as a checkbook or a spreadsheet. They can be prepared either on a cash basis, which simply is the result of cash income and expenditures, or an accrual basis, which follows more generally accepted rules of accounting. Most, if not all, Chapters will probably use the cash basis because it is simpler and depends less on accounting knowledge. Cash basis is accepted for tax purposes. If a Chapter acquires assets that it wishes to capitalize or wishes to use accrual accounting to sort out the timing of payments from the proper accounting for them, it is recommend that someone with accounting experience be engaged either from within the Chapter or outside.

These templates are readily adaptable to spreadsheets done by hand or computer-based software. Templates can be provided for MS Excel or Open Office programs, and assistance can be given by simply contacting the Chapter Relations Committee.

SAMPLE CHAPTER CHARTER

NATIONAL ASSOCIATION OF WATCH AND CLOCK COLLECTORS, INC.

Having met the requirements to become a Chapter of the National Association of Watch and Clock Collectors, Inc. (hereinafter NAWCC), in accordance with Article VIII of the NAWCC Bylaws, the NAWCC Board of Directors herewith grants this Charter to Chapter ###, NAWCC, Inc., also known as the (CHAPTER NAME) Chapter ###, NAWCC, Inc. to be effective upon acceptance by the Chapter and a signed copy returned to the NAWCC.

PREAMBLE

The NAWCC, a 501(c)(3) not-for-profit educational organization, encourages the development of affiliated Chapters to provide a means for furthering its horological and educational purposes as defined in the NAWCC Articles of Incorporation, Bylaws, and Standing Rules. Each Chapter is an individual entity and has responsibilities for its programs and the development of individual Chapter interests within the field of horology, under the umbrella of the NAWCC’s core purposes. The NAWCC, as the chartering authority, has a responsibility to support its Chapters. This Charter provides evidence of that support and further establishes an agreed basis for Chapter operations in support of NAWCC purposes while protecting the interests of the NAWCC, the Chapter, and Chapter members.

GENERAL AGREEMENT

The NAWCC and the Chapter, by this Charter, agree that:

1) The membership of the Chapter will be composed of NAWCC members in good standing.

2) The Chapter will not take any action that violates the NAWCC Articles of Incorporation, Bylaws, or Standing Rules. These may be found at http://www.nawcc.org/ under Member’s Documents.

3) The Chapter shall operate as a not-for-profit entity whether or not incorporated or officially holding not-for-profit status.

4) The NAWCC will not interfere, control, or otherwise involve itself in the governance or operations of the Chapter unless so requested by the Chapter, or after due process it is determined that the Chapter is in violation of Item 2 and suitable corrective action is not being taken.

5) The Chapter will provide meetings, programs, and other functions that further the horological interest of members of the Chapter and the general public. The NAWCC will provide program services that are available to further the Chapter’s interests.

6) The Chapter will maintain a positive working relationship within the Chapter, with other Chapters, and with the NAWCC.

7) All Chapter assets belong solely to the Chapter and will remain under the control of Chapter members while chartered. Should the Chapter be dissolved, remaining assets are to be distributed to a qualified not-for-profit entity such as the NAWCC, or as may otherwise be required by local laws and regulations.

8) A written financial report showing all assets, revenues, and expenditures shall be provided
to Chapter members at least annually, in a format suitable to the Chapter’s individual status and local requirements, if any. The NAWCC may request this information for purposes of the annual Chapter survey and archival in the Chapter’s permanent file.

9) No part of Chapter assets may be paid as compensation to any Chapter member, or certain others as defined in Article VIII of the NAWCC Bylaws. However, reimbursement of expenses incurred on Chapter business is permitted.

10) The NAWCC will provide all available membership information of interest to the Chapter upon request. Should the Chapter maintain its membership interactively on the NAWCC electronic database, the NAWCC will provide, at no charge, the capability to download valuable information. Chapters not maintaining membership data on the NAWCC database will have limited access to membership data; to assist the NAWCC’s support of membership and Chapter services, the Chapter will provide the NAWCC annually a copy of its membership roster, which includes the name and NAWCC number of each member.

11) The Chapter will promptly notify the NAWCC in writing of all changes in Chapter officers, bylaws, incorporation status, and not-for-profit status.

12) The Chapter shall not have the power to act for or on behalf of NAWCC in any way.

CHAPTER HANDBOOK

The NAWCC will maintain a Chapter Handbook for the benefit of the Chapters:

The Chapter Handbook will provide current information regarding NAWCC operations and support of its Chapters, and many additional items that will help Chapters to know of the services available from the NAWCC. It will also provide information relative to topics that Chapters will find useful in its ongoing operations and carrying out its purposes. This information is subject to change and is therefore appropriately contained in the Chapter Handbook to enable prompt modification and distribution. The information contained in the Handbook will include such topics as:

1) Chapter organization and operations, including officers and committees, meeting formats, program ideas, and general subjects of interest.

2) Maintaining the Chapter membership database and information contained in the NAWCC membership database.

3) Chapter incorporation advantages and disadvantages.

4) The meaning of “not-for-profit” status, how it is obtained if desired, and how it relates to Chapter operations.

5) Insurance available from the NAWCC for normal Chapter operations and hosted Regional meetings.

6) Services available to Chapters from the NAWCC and any associated costs.

7) Chapter Bylaws, if desired by Chapter, including sample documents.

8) Suggestions for financial management, including sample formats for financial and asset reporting, and definitions of Chapter income sources and allowable disbursements.

CHAPTER RELATIONS COMMITTEE PROCEDURE NO. P0001

CHAPTER RECALL or SURRENDER

1.0 Purpose
Over the course of operation a time may come when the officers of a specific Chapter may determine that it has no option but to dissolve the Chapter and return its Charter to the NAWCC. This procedure is designed to identify the steps to be taken by the Chapter and the Chapter Relations Committee (CRC) to ensure the proper handling of this process.

2.0 Definitions
2.1: Chapter Relations Committee (CRC): A committee established by the NAWCC to act as an intermediary between the individual Chapters and the NAWCC. In addition, it is responsible upon request to aid the individual Chapter in ensuring its viability, vitality, and growth.

2.2: NAWCC: National Association of Watch and Clock Collectors, Inc., Columbia, PA

3.0 Chapter Action
3.1: Intent to Dissolve: The Executive Council of the Chapter shall call a meeting of its officers, identify the specific rationale for the action, and conduct a formal vote to dissolve. A majority vote by the officers is necessary in order for the vote to be binding.

3.2: Notice to Chapter Members: After the majority vote is obtained, as described in paragraph 3.1 herein, the Chapter members, in good standing, shall be notified in writing of the intent to dissolve citing the specific rationale and provide the membership with an opportunity to revitalize the Chapter.

3.3: Revitalization of the Chapter: Should the Chapter membership establish a viable plan to avoid the dissolving of the Chapter, the existing Executive Council shall resign in total and a new Executive Council shall be established and gain control over the Chapter. The CRC shall be advised of the change in leadership along with the identification of the replacing officers.

3.4: Failure to Revitalize: Should the step identified in paragraph 3.3 herein result in a vote to dissolve, then the president of the Chapter shall notify the CRC, in writing, of the decision and provide the following:

3.4.1: Copy of the Notice to Chapter Members identified in paragraph 3.2
3.4.2: Results of the action identified in paragraph 3.4
3.4.3: List of all Chapter members in good standing, including NAWCC number
3.4.4: Identification of Chapter assets (bank and physical assets) along with a plan for distribution to another not-for-profit organization
3.4.5: A plan for the return of the Chapter Charter to the attention of XXXXXX at the NAWCC

4.0 CRC Action
4.1: Revitalization of the Chapter: Upon receipt of the Chapter’s revitalization letter the CRC shall contact the new Chapter President and provide the President with requested support, to the extent possible. In addition, the CRC shall advise the NAWCC of the change in the Chapter’s Executive Council along with the names and number of the replacing officers.
4.2: Failure to Revitalize: Upon the CRC’s receipt of the intent to dissolve, the CRC shall notify the NAWCC Board of Directors and suggest acceptance of the Chapter’s intention along with the following.

4.2.1: Solicit and obtain approval for dissolving Chapter to combine with another Chapter in the area. This combining will include providing the receiving Chapter all the assets of the dissolving Chapter. Members in good standing, of the dissolving Chapter will automatically become members in good standing of the receiving Chapter.

4.3: Failure of Dissolving Chapter to Return Assets: The assets of the dissolving Chapter do not belong to any one or group of individuals. According to the Chapter Constitution, these assets are required to be turned over to another not-for profit organization. Should the officers of the dissolving Chapter refuse to comply with this requirement, those former officers shall be subject to any and not limited to the following:

MECHANISM TO HELP INCREASE CHAPTER MEMBERSHIP

One tool that you may find helpful to increase your Chapter membership is to contact all NAWCC members within a specific radius of your meeting location. This can be done quite easily by using a program called "Searchbug.com." This program will allow you to find all of the zip codes within a specific radius of your meeting location. Once you have found the zip codes, Member Services at National can provide you the email addresses or distribute your publicity using Constant Contact for all NAWCC members who are located within these zip codes.

To understand how this works, the following example may be helpful:

Use your browser to go to:  www.searchbug.com

Then click on:  Tools,  Zip code,  By Radius

Enter the zip code of your meeting location:  i.e., 28747
Enter the radius of the distance in miles you would like to include:  i.e., 100
Then click on: Search

Part of the results are:

Copy this file (contains about 650 five-digit zip codes) to an Excel spreadsheet and then sort on the "zip" code. Scanning down the zip codes shows that the two-digit zip codes of:

28xxx
29xxx
30xxx
37xxx

contain all of the five-digit zip codes within the file.

These four zip codes were then sent to Member Services at National and asked for all NAWCC members’ email addresses within these zip codes.

Member Services provided the email addresses and other information on the 268 members who lived within the zip codes listed above.

These 268 email addresses were then copied into the email address for the next Chapter 126 meeting. It is believed that about 10 or 15 additional members attended the meeting because of this email notification.
